CT4

Enjoy performance that's guaranteed to get your pulse racing and make heads turn. We invite you to experience the exhilarating and invigorating CT4.

2021 CT4

DRIVE EXHILARATED

For those who value freedom, creativity, and authenticity in a dynamic and invigorating drive. This next-generation luxury sport sedan is highly sophisticated and refined with bold styling, nimble steering, enhanced maneuverability, and advanced infotainment systems. Built to enhance the joy of driving, the 2021 CT4 has it all. Innovative technologies, discerning driving dynamics with cutting edge precision and eye-catching styling.

A unique blend of luxurious sportiness, from the exclusive leather seating to the carbon fiber elements. Savor an experience like no other in the 2021 CT4.

You've got the latest driving technology right at your fingertips. Enjoy Wireless¹ Charging, Advanced Cadillac User Experience and Bose® Premium Surround Sound.

1. The system wirelessly charges one PMA- or Qi-compatible mobile device. Requires compatible smartphone and data plan rates apply. To check for phone or other device compatibility, see my.cadillac.com

STEP INTO STANDOUT PERFORMANCE

Explore the exhilarating 2021 CT4-V and experience innovation at every turn, with inspiring surroundings, striking athletic aesthetic, and powerfully nimble performance.

EXHILARATING EXTERIOR

With its athletic stance, the CT4's powerful design breaks out of the ordinary, turning every drive into an exhilarating experience. Featuring, a bold exterior design complemented by a low and wide vehicle stance, liquid forms, refined design elements, crisp and precise boundaries. The tensioned lines, lean mass and taut body sections align to create a refined athletic form that breaks from convention, making the CT4 appear like it's moving, even when it's standing still – just imagine how it drives.

YOUR CADILLAC – CONNECTED AND PROTECTED*

Take ownership to the next level with 10-years of standard connectivity offering Vehicle Diagnostics, Notifications and Cadillac Smart Driver once on-boarded. Includes a 2 month trial of the OnStar Protect & Connect subscription plan and 3GB/90 day Wi-Fi data. Take advantage of an additional month by subscribing before the trial ends.

OnStar - Peace of Mind

Safety and security services to give you and your passengers peace of mind on the road. Specially trained Advisors who are ready to help 24/7.

AUTOMATIC CRASH RESPONSE

Timing is everything in the moments after a collision. If you're in a crash, built-in sensors can automatically connect an OnStar Advisor to your vehicle — even if you aren't able to call for help yourself. They will send the right help and stay with you until help arrives.

EMERGENCY SERVICES

Assistance in an emergency is only a button push away. Whether you're having a medical emergency or need critical assistance, OnStar Advisors will be available 24/7 to help.

STOLEN VEHICLE ASSISTANCE

Layers of protection for your vehicle that help make vehicle theft much more difficult. OnStar Advisors who can work with local authorities to recover your vehicle quickly and safely.

ROADSIDE ASSISTANCE

If you have a flat tire, run out of fuel or find yourself stranded, Advisors can assist with your details to get you the right help.

GOOD CITIZEN

You can use OnStar to be a good citizen and help others in times of need.

Cadillac Connected Services – Convenience

Designed to create a seamless bridge between your Cadillac and your connected life. Remote commands, In-Vehicle Apps access, Wi-Fi hotspot and diagnostic tools offer you an elevated ownership experience.

REMOTE KEY FOB

While on the go, keep your vehicle in tune with the myCadillac App. Send remote commands, schedule your vehicle's maintenance and more. Available for download on App Store or on Google Play™.

HOTSPOT

Your available built-in Wi-Fi hotspot* helps you stay connected on the road. Connect up to seven devices and get a reliable connection up to 15 meters away.

CONNECTED NAVIGATION

When it's time to get going, you want to get there without any hiccups. And now with available cloud-connected point of interest, destination searches & real-time internet-based traffic updates, you easily can.

DESTINATION DOWNLOAD

Enjoy the convenience of an OnStar Advisor helping you find where you need to go and sending the destination pin to your vehicle, while you keep your eyes on the road.

PHONE CHARGING

1. Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information. 2. The system wirelessly charges one PMA- or Qi-compatible mobile device. Requires compatible smartphone and data plan rates apply. To check for phone or other device compatibility, see my.cadillac.com

FEEL ASSURED IN SAFE SURROUNDINGS

ALERT MODE. ALWAYS ON

Up to certain speeds, Automatic Emergency Braking can sense imminent forward and reverse collisions and automatically engage the brakes, helping to reduce crash impacts.

COMFORT LEADS THE WAY

Available Adaptive Cruise Control as part of the Driver Assist Package, employs both radar and cameras to maintain a set selected distance between you and the detected vehicle ahead while you steer.

FORWARD THINKING AT ITS BEST

Forward Collision Alert monitors traffic ahead, alerting you if a potential frontend collision is imminent, while the Available Following Distance Indicator, as part of Driver Awareness Plus Package, shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

EXTRAORDINARY ALL-ROUND VISION

When backing out of a parking space, the available Rear Cross Traffic Alert as part of the Driver Awareness Plus Package, warns of oncoming traffic to either side of your vehicle and provides an audible warning or a pulse to the Safety Alert Seat.

STAYS IN-LINE WITH YOU

Using monitors to sense lane boundaries, the available Lane Keep Assist with Lane Departure Warning as part of the Driver Awareness Plus package, can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. The system works in conjunction with the Safety Alert Seat, showing a visual alert in the cluster and sending a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

SEES WHAT YOU DON'T

The available Lane Change Alert with Side Blind Zone Alert, as part of the Driver Awareness Plus Package, surveys the area well beyond the side blind zone, illuminating the side-mirror warning icon to alert you of a rapidly approaching vehicle and monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both cases, if you've activated your turn signal toward the detected vehicle, the icon on the side mirror will flash to alert you.

KEEPS YOU SAFE AND EVERYONE AROUND YOU

Standard Front Pedestrian Braking uses a camera to scan the road ahead. The system can alert the driver to detected pedestrians and, if necessary,

can apply the brakes to help avoid or reduce the severity of a potential collision. When in reverse and after the Standard HD Rear Vision Camera is displayed, the available Reverse Automatic Braking as part of the Driver Assist Package, can provide pedestrian detection and imminent collision alerts to the driver when a pedestrian is detected behind the vehicle.

AUTOMATIC CRASH RESPONSE*

In severe crashes, built-in vehicle sensors can automatically send an alert to OnStar, and a live Advisor is automatically connected into the vehicle to speak with its occupants.

STOLEN VEHICLE ASSISTANCE*

Working with local authorities, a Remote Ignition Block signal can be sent to a stolen vehicle, preventing it from being restarted once the engine has been turned off.

Once local authorities have clear sight of the vehicle and indicate conditions are safe to do so, an Advisor can activate Stolen Vehicle Slowdown, bringing the vehicle to an idle speed with steering and braking functions intact.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

THRILLS AS STANDARD

Feel a new thrill on the road ahead in the CT4, powered by 2.0L and 2.7L turbo engines with innovative systems; providing an increase in adrenaline, fuel efficiency, and refined responsive performance, whenever you need it.

Built with available RWD and AWD architecture, the CT4 has the agility and precision to make every drive unforgettable. Featuring, award-winning lightweight architecture with near 50/50 weight distribution – for enhanced balance and agility. Enjoy a more engaging and responsive drive with Bosch Premium Electric Variable-Effort Power Steering, performance suspension, and chassis system: providing even more endorphins through the twists and turns.

1. Vehicle user interface is a product of Apple® and its terms and privacy statements apply. Requires compatible iPhone® and data plan rates apply. Apple CarPlay is a trademark of Apple, Inc. Siri, iPhone and iTunes are trademarks of Apple, Inc., registered in the U.S. and other countries. 2. Vehicle user interface is a product of Google™ and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android™-compatible smartphone. Android Auto is a trademark of Google LLC. 3. Go to my.cadillac.com/learn to find out which phones are compatible with the vehicle. 4. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained with seat belts. See the Owner's Manual for more information. 5. The system wirelessly charges one PMA- or Qi-compatible mobile device. Requires compatible smartphone and data plan rates apply. To check phone or other device compatibility, see my.cadillac.com. 6. Cadillac User Experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. 7. Not compatible with all devices.

OWNER BENEFITS

Our owners deserve it all. That's why 2021 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillacarabia.com/ae-en/owner-resources](https://www.cadillacarabia.com/ae-en/owner-resources)

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://www.cadillac.com) and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Lux Car segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.

THE PRIVILEGES OF OWNING A CADILLAC

The reason you choose a Cadillac is because you're looking for an experience that's beyond the ordinary.
